World Water Forum 7, Korea
Gender Equitability for a Water-secure Future

2nd Stakeholders Consultation Meeting, Korea
Diana Iskrevka,
Women for Water Partnership
27-28 Feb. 2014
WfWP and the World Water Fora

• Co-organization of gender programmes for World Water Fora 2 and 3;
• Fora 4, 5 and 6 women’s pre-conference and mainstreaming women’s participation in fora official panels and side events;
• WWF 6 partnering with the Butterfly Effect and organizing and hosting of a high-level gender event.
Gender Equitability for a Water-secure Future

Expected outcomes of Gender Pre-conference:

- Lessons learned and recommendations to be fed into the high-level thematic panel and side event;
- An increased awareness on the importance of gender inclusive water management in a changing world;
- A meaningful debate on roles and responsibilities of different stakeholders, in particular the Major Group Women;
- More attention to the existing social structures and diversity of interests and actors in IWRM;
- Bring policy makers from the government and international level together with grassroots organisations working for gender equity in water management;
- Participants share and learn from each other, exchange contacts and start partnerships.
Partners

- all members of WfWP and women‘s organisations in the region including Myanmar and Vietnam; Korean women’s organisations t.b.c.;
- Butterfly Effect NGO coalition (t.b.c.);
- IWMI;
- Global risk forum;
- United Nations University;
- UN Department of Economic and Social Affairs;
- UN Water Decade Program on Advocacy and Communication;
- Other potential partners approached (t.b.c.).
Thank you for your attention
